EVE OF THE STRIKE.

President Mitchell Issues a Strong Appeal to the Public.

HAZLETON TO BE HEADQUARTERS.

Mines Running With Reduced Forces. Indications That Strike Order Will Be Universally Obeyed. Operators Still Obdurate.

Indianapolis, Sept. 13.—Up to noon President John Mitchell of the United Mine Workers of America had received nothing from the anthracite fields regarding the strike order issued Wednesday night. He is arranging to leave for Hazleton Saturday evening, where he will personally conduct the strike. The secretary-treasurer expects to remain here in charge of the headquarters. The *Miners' Journal* publishes the official call for the strike. Mitchell and Wilson have issued a lengthy proclamation to the public asking that the strike be weighed carefully and that the demands of the miners be considered carefully before judgment is passed. It is a strong appeal, not only to the public, but to labor bodies.

Practically on at Scranton.

Scranton, Pa., Sept. 13.—The strike of the anthracite miners of the Lackawanna valley is now practically on, for every mine that is working is running short handed. The Dodge and the Bellevue collieries of the Lackawanna company are entirely shut down. The Manville colliery worked only a portion of the day and all through the upper valley there was almost complete stoppage excepting that the men obeyed the order of National Committeeman Dilcher and President Nichols of this district to clean up their places and remove their tools. It is expected that not a mine will operate Friday anywhere between Forest City and Shickelshinny in this district and it is said at headquarters here that the same is expected from other districts. At the offices of the Lackawanna company it was stated that the decision to stand together in refusing the miners' demands by the operators will hold unbroken. The refusal is based almost wholly upon the claim that the bituminous interests are behind this movement.

Operators Counting Noses.

Wilkesbarre, Pa., Sept. 13.—All the collieries of this region are in operation with practically full forces of men. Nearly all of the heads of the big companies say they believe but a small portion of the men will strike Monday. Officials of the Susquehanna company, which employs 5,000 workers, express the opinion that the men will strike as they are thoroughly organized. Many of the companies are polling their men on the question of striking, and officials of the Bliss colliery of the Delaware, Lackawanna and Western company are of the opinion that the entire force of 10,000 men will stop work. All union men will be expected to take their tools out of the mines Saturday. The operators express confidence that not more than 20 per cent of the men employed by the Pennsylvania Coal company at Pittston and vicinity will go out and the officials of the company say they have already received many applications from men who want positions.

Getting Ready at Hazleton.

Hazleton, Pa., Sept. 13.—Some of the collieries here are short-handed, but all were in operation. A few members of the union remained at home, believing the strike was to take effect at once. No one is in a position to say just how many will quit when the time comes. Members of the United Mine Workers' organization will strike to a man, but there are many miners who have refrained from joining the union and their action on the strike question is problematical. Undoubtedly many of them will strike. Organizers are working among them day and night with more or less success. The strike will seriously affect business and merchants are preparing to protect themselves. Many families have ordered flour to last several months, but merchants refuse to deliver more than a few dollars' worth of goods on credit to people whose sole dependence is the mine.

Situation at Shamokin.

Shamokin, Pa., Sept. 13.—There was a great stir among the miners and mine workers at the different collieries near this place because of President Mitchell's strike order. Those who were in favor of obeying enthusiastically applauded his action, while others kept silent beyond declaring that they would cease work rather than be called hard names. A careful

canvass indicates that despite the claim of the operators that enough men will report for work to keep the collieries in operation after Monday, all or nearly all of the operators between Traverton and Mt. Carmel, employing over 14,000 men and boys in a district embracing 14 miles with Shamokin in the center, will likely be idle before seven days have elapsed.

JONES DECLINES.

Not a Candidate for Congress But Will Support Bryan.

Toledo, Sept. 13.—Mayor Jones in a card to the public declines to stand as a candidate for congress in the Toledo district. Petitions have been circulated and it was the intention of the Democrats to endorse his candidacy. In his card Mr. Jones says the demand for him is not sufficient to make it a duty to become a candidate, and that he will decline to serve as such. He opposes the policy of President McKinley, declares against imperialism and militarism, is opposed to the administration's policy in the Philippines, and declares it is his intention to vote for Bryan, although he will not become a Democrat or a member of any party.

Mexican War Veterans.

Cincinnati, Sept. 13.—There were over 200 present at the national reunion of Mexican veterans. They were escorted from the Palace hotel to the city hall by the G. A. R. posts and militia, headed by police. It was a slow march. The average age of the Mexican division of the parade was over 70. General Hobson replied to the welcoming addresses. After a business session in the forenoon the veterans were taken on trolleys sight seeing in the afternoon, preparatory to a public reception at night.

Home From the Wedding.

Somerset, Pa., Sept. 13.—President and Mrs. McKinley and party left here on their special train at 11 a. m. for Canton, going by way of Johnstown and Pittsburg. The president and Mrs. McKinley spent a restful night after the festivities of the occasion. Mrs. McKinley has kept in comparatively good health.

Columbus, O., Sept. 13.—B. Epstein company, Cleveland, \$50,000; Forsythe Coal company, Cambridge, \$50,000; Baldwin Manufacturing and Supply company, Cincinnati, increase from \$5,000 to \$7,500; Premier Buggy company, Springfield, \$30,000; Roby Coal company, Cleveland, \$100,000.

British and Boers at Battle.

RELIEF RUSHING IN.

Food, Clothing and Money From All Parts of the World.

LOOTING IS GIVEN A SET BACK.

Homeless Victims of Galveston's Gale Being Cared For—City May Never Be Rebuilt—New Town Start Where Flood Left Off.

Houston, Sept. 13.—From all parts of the United States and some portions of England, many thousands of dollars are pouring into this city for the relief of the Texas destitute storm sufferers. Train loads of provisions and clothing are also hurrying toward Houston and Galveston and those of the refugees who have arrived here are made as comfortable as possible.

Estimates of the number of dead still vary. Mayor Jones of Galveston maintaining his opinion that the number will be no less than 5,000. Property losses are mounting higher as details arrive and some estimates for the city of Galveston reach as high as \$20,000,000. There are 25,000 homeless in that city to be taken care of.

It is a question whether Galveston can or will be rebuilt. There seems to be a disposition on the part of the leading citizens, however, to start resolutely where the storm left off and raise a new city from the ruins of the old.

Troops are patrolling the streets, and looting has been given a set back. Several additional cases have been reported where vandals have been shot down, while robbing the dead, but the troops are rapidly gaining control of the lawless element.

No new features have developed since Wednesday night, but wires are working direct to Galveston and fuller and more authentic details may be expected hereafter.

Aid For See of Galveston.

Washington, Sept. 13.—The Catholic See of Galveston suffered considerably from the recent storm and an appeal will be issued by Dr. Dubois, for liberal contributions to restore the ruined churches and institutions of the diocese which was founded in 1847. When the See of Chicago suffered a loss of \$5,000,000 by the great fire 23 years ago, its bishop was the recipient of donations from every diocese in the land, which enabled him to rebuild his fallen temples speedily, and the same assistance it is expected will be given the bishop of Galveston.

Hurricane's Work in Canada.

Toronto, Ont., Sept. 13.—The heavy windstorm did considerable damage along the water front. Many yachts were capsized while others broke away from their moorings and have not yet been recovered. Reports from all parts of the province show that the storm was general, orchards suffering most. The loss on fruit in the St. Catherine district will amount to thousands of dollars. No casualties reported.

Hurricane's Mad Career.

Washington, Sept. 13.—The now famous West Indian hurricane, which started 10 days ago to the eastward of Porto Rico, pushed across Cuba and Jamaica and thrashed about the Gulf of Mexico, swept through New England and added nearly a million dollars to the lengthening list of losses of this remarkable storm.

Lost All His Relatives.

La Junta, Colo., Sept. 13.—C. J. Sealey, a young man of Galveston, who is in this city has received a telegram from the mayor of Galveston informing him of the death of 21 of his relatives, among whom are his mother, two sisters and three brothers.

The Galveston Pulled Through.

Washington, Sept. 13.—A telegram reports that the revenue cutter Galveston safely passed through the great storm at Galveston and that the crew is safe.

Marriage Kept Secret Four Years.

Portsmouth, O., Sept. 13.—Divorce proceedings begun by Fletcher Van Gorder against Mabel Van Gorder, formerly Vance, disclosed the fact that they were secretly married in Wheeling, W. Va., four years ago. Mrs. Van Gorder refused to live with her husband.

Butchers Strike.

Buffalo, Sept. 13.—Eight hundred butchers employed in the packing houses of the Jacob Dold Packing company and Killinck & Danahy's packing houses, are on strike owing to the refusal of the Dolds to discharge two men who refused to pay union dues.

Seattle, Wash., Sept. 13.—The steamer City of Seattle arrived from Skagway with 117 passengers and \$650,000 in gold.

ASSURANCE GIVEN.

Li Guarantees American Lives and Property Shall Be Protected.

Washington, Sept. 13.—The Chinese government has made swift answer to the latest communication from the state department relative to the recognition of Li Hung Chang as an envoy competent to negotiate peace settlement.

The state department asked Li "without further delay to give assurance that the life and property of Americans will henceforth be respected throughout the Chinese empire."

The viceroy has given the assurance asked for. His word came in the shape of a cable dispatch to Minister Wu, dated Sept. 12, at Shanghai. Mr. Wu called at the state department and presented his answer to Mr. Hill, who in turn sent it forward to the president. It will be for the latter to decide whether Li's assurance is sufficient to meet the needs of the case. However, if the effort to secure concerted action in the peace negotiations is no more successful than that directed to the evacuation of Peking the United States government may look to its own interests and, appointing its own commissioners, proceed to deal directly with the Chinese commissioners. It was stated at the war department that no further orders had gone forward to General Chaffee touching a withdrawal. He is ready, however, and waits but the word from Washington to begin his march seaward.

Chickamauga Park Inspection.

Washington, Sept. 13.—A circular of the Chickamauga and Chattanooga park commissioner announces that arrangements have been completed, with the approval of the secretary of war, for the inspection by the veterans of all the armies engaged about Chattanooga of the historical tablets, monumental inscriptions and location of lines of battle upon the seven battlefields embraced in the park, the object being to secure verification or correction by participants in the battles of the historic work thus far completed. The inspection will take place Oct. 9, 10 and 11. A half rate has been arranged with most of the railroads.

Window Glass Works to Start.

Pittsburg, Sept. 13.—President C. P. Cole of the Window Glass Manufacturers' Association of the United States, has completed arrangements for the starting of almost all the independent window factories within the next 10 days. Most of the plants have signed the scale of the blowers and gatherers opposed to President Simon Burns of the Window Glass Workers' association, and President Cole is assured that a large majority of the 850 pots in the association will be started with practically full crews. The trouble between the combine and workers has not yet been settled.

Laundry Officials.

Buffalo, Sept. 13.—At the concluding session of the National Laundrymen's convention the following were elected: George W. Simmons, of Peoria, Ill., president; Joseph Braden, Buffalo, first vice president; Nelson Shook, Lima, O., second vice president; Carl Thornton, Youngstown, O., third vice president; Henry Storr, Cleveland, secretary; W. Q. Lloyd of Williamsport, Pa., treasurer.

Veteran Women of America.

Toledo, Sept. 13.—The supreme camp of the National Veteran Women of America, which held its first biennial session here this week, elected the following officers: Supreme president, Mrs. Flora S. Barrett, Toledo; supreme vice president, Mrs. Maud Johnson, Smithport, Pa.; supreme secretary, Ruth A. Arnold, Toledo; treasurer, Susan I. Moore, Toledo.

Dry Goods Firm Fails.

Baltimore, Sept. 13.—The failure of the wholesale dry goods house of Hodge Brothers of this city is announced. The receivers appointed bond in \$150,000 indicating assets of half that amount. No statement of liabilities has been made. The firm is one of the oldest in Baltimore.

Oppose Big Standing Army.

Utica, N. Y., Sept. 13.—At the session of the Federation of Workingmen, among the resolutions adopted was one which protests against "large standing armies as being a menace to the liberties of organized wage earners and a heavy burden upon them."

Filled the Vacancy.

New York, Sept. 13.—The Republican state committee agreed upon Erastus G. Knight, present controller of Buffalo, as the Republican candidate for state controller in place of William J. Morgan, recently deceased.

Buffalo, Sept. 13.—The National Embalmers' association elected officers headed by W. C. Roberts of Lincoln, Neb., for president. Detroit was selected as the meeting place next year.

BRYAN ON THE JUMP.

Will Speak in Several States During Ensuing Ten Days.

ROOSEVELT GOING THE ROUNDS.

After Protracted Effort Colorado Tri-Party Conventions Agree Upon a Fusion Ticket—Views on Strike At Political Headquarters.

Chicago, Sept. 13.—At sunrise Mr. Bryan boarded a train for Ft. Wayne, Ind., where he spoke in the afternoon. A stop was made at Plymouth, Ind., where Mr. Bryan made a short speech. The people of Ft. Wayne turned out in large numbers to welcome Mr. Bryan. The route of the procession lay through the principal streets of the city. Mr. Bryan's speech was delivered at Lawton park, named in honor of General Lawton, whose home was in this city. Mr. Bryan was greeted by crowds at Warsaw, Pierceton and Columbian City, Ind. From Ft. Wayne he went to Toledo and thence Friday morning to Columbus, O. He did not speak at Toledo, but is down for an address at Columbus Friday afternoon. Friday night he will proceed to St. Louis where he will deliver his trust speech before the traveling men. His speech will be devoted largely to showing that the tendency of the trusts is to limit the opportunities of the young men. He will use as his theme the solicited inquiry of King David, "Is the young man Absalom safe?" Before crossing the Mississippi, Mr. Bryan will speak at East St. Louis Saturday afternoon. Monday Mr. Bryan will begin a brief tour through southern Kansas. He goes first to Galena, Kan., speaking there Monday afternoon, and at Pittsburg, Kan., Monday evening. Tuesday will be spent at Fort Scott and Armourdale, and Tuesday evening he will speak at Kansas City. Leavenworth, Atchison and St. Joseph will be covered in turn Wednesday. From St. Joe, Mr. Bryan will go to his home in Lincoln and for a brief time will visit points in Nebraska.

Colorado Fusion Ticket.

Denver, Sept. 13.—Fusion of the Democrats, Silver Republican and Populist parties was accomplished at 3:45 o'clock a. m. when the Democratic state convention adjourned after being in continuous session since 3 p. m. Wednesday. The following ticket was selected: For congressmen, First district, John F. Shafer, Silver Republican; Second district, John C. Bell, Populist; for governor, James B. Orman of Pueblo county, Democrat; lieutenant governor, John Calderwood, Teller county, Populist; secretary of state, David A. Mills, Arapahoe county, Populist; state treasurer, Dr. J. N. Chappley, Pueblo county, Silver Republican; supreme judge, Robert W. Steele, Arapahoe county, Silver Republican; superintendent public instruction, Mrs. Helen L. Grenfell, Gilpin county, Silver Republican; attorney general, C. C. Post, Clear Creek county, Populist; auditor, C. W. Croner, Weld county, Democrat. After the ticket had been ratified by all the conventions, the Democratic convention reconsidered the ratification of the nomination of Calderwood for lieutenant governor on motion of Governor Charles S. Thomas and referred the case to the state central committee. Governor Thomas claimed that Calderwood, a prominent labor leader, is objectionable.

Discussing Coal Strike.

Chicago, Sept. 13.—The anthracite coal miners' strike called by President Mitchell of the United Mine Workers' association was a subject of serious consideration at Republican national headquarters. Senator Hanna and Vice Chairman Payne held a long conference with the resident members of the advisory committee as to the best steps to take that a political color be not given the industrial difficulty in Pennsylvania. At the close of the conference neither Chairman Hanna nor Vice Chairman Payne made a statement, but Perry S. Heath, chairman of the press committee said: "We are not sufficiently advised as to the situation in Pennsylvania to warrant the expression of any view and it is not a matter to be talked of without careful consideration of all the facts." At Democratic headquarters, however, there was no disinclination to talk. Secretary Walsh was in a happy frame of mind over the success of the Croker element, and said he was sure the coal strike would benefit the Bryan ticket. "It will aid us to demonstrate to the working people that combinations of capital are dangerous and constitute a standing menace to labor. The strike will cause agitation and agitation is education."

Col. J. S. Felter, a gifted Populist campaign speaker of Illinois, will speak in Maysville on the afternoon of September 22nd, and will be joined by Hon. A. H. Cardin, Populist nominee for Governor of Kentucky, at this place.

So strong a Republican as Thomas B. Reid, ex Speaker of the House of Representatives, gives his word of praise by saying of Mr. Bryan:

It is the man's great ability to rise up to whatever occasion confronts him that is his most marked and valuable characteristic.

AGAINST Senator Frye's remark to a Maine audience that, as for himself, he was for his country, "right or wrong," place this, which Carl Schurz said in 1892:

"Our country, right or wrong!
When right, to be kept right!
When wrong to be put right!"

WORD comes from the East that the managers of the Democratic campaign have unearthed a scheme of the Republicans to colonize a large number of negro voters in Virginia and Kentucky. That's directly in line with their hypocritical talk about "purity in politics," "a free ballot and fair count," "civil liberty" and such. There's nothing too mean or disreputable for Hanna and his gang of boodlers and corruptionists.

JUDGE TAFT, a member of the commission now in the Philippines to aid in carrying out President McKinley's policy of criminal aggression, has this to say of the situation: "It is certain that we cannot long maintain 65,000 American troops in these islands. The people of the United States will not stand the expense. We must organize native regiments in order to reduce the quota of white troops, and we must endeavor to bring the natives around to our side by other means than the sheer force of arms."

McKINLEY'S imperialism and the Republican talk belittling the Constitution are having their effect. You can find Republicans here in Maysville who will stand up and brazenly tell you that England has "the best government on earth." No doubt Hanna, McKinley, Rockefeller and the other trust magnates all think the same way. That explains their efforts to establish a colonial system for the United States, a system that requires a large standing army with all its burdens, a system that does not recognize the consent of the governed, but rules by force.

BOURKE COCHRAN puts the case against militarism in these trenchant sentences: "The camp may be a school of virtue and patriotism, the barracks are always asylums of laziness, and often hotbeds of vice. * * * Every dollar expended for munitions of war is a sterile dollar. It is not used for the purpose of production, but for the purpose of destruction. It is wasted as completely as if it were thrown into the sea. * * * A standing army imposes upon each laborer the burden of supporting two men—himself and a soldier. * * * But far worse than the spoliation of the soldier is the degradation which he suffers from a standing army. Militarism has always despised industry."

Rev. Geo. E. Rapp.
[Dover News.]

Rev. George E. Rapp preached his closing sermon for the conference year Sunday night. Bro. Rapp served the M. E. Church, South, here two full years, and in addition to his other appointments last year arranged to fill out the unexpired term of Rev. W. S. Taylor, who left his charge and the church. Rev. Rapp has been one of the most earnest and popular ministers ever sent to the M. E. Church here. It was through his efforts the elegant new church was planned and built, mostly from his own plans and specifications. It is the earnest wish of his congregation that he should be returned for another year that he may be with us until the church debt is liquidated, that he may enjoy the fruits of his earnest labors. But should conference see fit to send him elsewhere he will go with the best wishes of his Dover congregation.

A few days ago while returning from Cincinnati Dr. Snoot accidentally dropped a pair of gold-framed eye glasses out of a window of a C. and O. coach while the train was at South Ripley. On reaching home he wrote to Station Agent Jaynes of his loss, and Thursday he received a letter from Mr. Jaynes inclosing part of the gold frame,—all that could be found of the spectacles.

OUTLOOK BRIGHT

For the Election of Hon. J. N. Kehoe.

Democrats Should Not Forget, However, They Must All Turn Out and Help Redeem the District.

[Cynthiana Democrat.]

If figures count there can be but little doubt that J. N. Kehoe will carry this district in the November election. We have never claimed that it would be a walk-over—it will be no easy task. But what does Jim Kehoe care for that? He is a fighter from Fightersville and the magnetism of the man and the enthusiasm of his followers will add hundreds of votes to the Democratic ticket, to say nothing of the return of nine-tenths of the Democrats who did not vote the regular ticket last year.

Here is the vote of each county in the November election, 1899:

| Counties. | Goebel. | Taylor. | Brown. | Blair. |
|-----------------|---------|---------|--------|--------|
| Bath | 1,571 | 1,580 | 59 | 13 |
| Boyd | 1,470 | 1,868 | 17 | 2 |
| Bracken | 1,718 | 1,178 | 18 | 1 |
| Carter | 1,483 | 2,095 | 19 | 4 |
| Fleming | 1,938 | 1,890 | 43 | 11 |
| Greenup | 1,322 | 1,556 | 21 | 2 |
| Harrison | 2,457 | 1,539 | 117 | 9 |
| Lawrence | 1,720 | 1,869 | 19 | 8 |
| Lewis | 1,352 | 2,197 | 17 | 25 |
| Mason | 2,629 | 2,357 | 60 | 10 |
| Nicholas | 1,027 | 1,181 | 89 | 17 |
| Robertson | 671 | 469 | 10 | 2 |
| Rowan | 613 | 811 | 28 | 7 |
| Totals | 20,727 | 20,596 | 529 | 114 |

These figures give the Democrats a plurality of 131 votes over the Republicans, or combined with the Brown vote a plurality of 660. In 1896 the district gave Mr. Bryan a total of 21,686 votes. Mr. Goebel's and Governor Brown's vote combined in 1899 give 21,256, within 430 votes of Mr. Bryan's. It is fair to presume that at least that many dissatisfied Democrats voted for Taylor.

Now there is practically no dissension in the Democratic ranks. Almost all the Democrats who voted against the ticket last year will be in line for Kehoe this year. We have heard expressions enough to warrant us in making this assertion. The Presidential year will bring out still others, and Republican dissatisfaction with Mr. Pugh will help out to an appreciable extent. Mr. Pugh won by a bare majority of ten in 1898, the vote standing: Pugh, 16,742; Williams, 16,732. It looks to us like Mr. Kehoe will certainly win. He cannot be beaten if the Democrats maintain the pace which they have already set.

THE STIRK FAMILY.

Proud Aristocrats in the Realm of the Arena—They Are With The Great Wallace Shows.

The famous Stirk family, one of the great features of The Wallace Shows does work that borders on the marvelous. In truth some of their attainments are of such complex difficulties that it frequently passes with but little more notice from the public than their simpler displays, solely because the audience can follow its intricate and perplexing paradox.

It not infrequently happens that when a particularly hazardous feat is accomplished the strongest and most pronounced applause will come from the entry wherein the other actors of the show may invariably be found ranged as spectators when "the Stirks are on."

This tribute of their genius from their fellow performers is as unusual as it is spontaneous, and testifies to their superiority more eloquently than any eulogy possibly could.

When an act can hold the attention of actors as that of the Stirks does, it may indeed be said to be truly great.

See them with the Wallace Shows at Maysville next Monday, Sept. 17th.

COLORED LABORERS

Organized and Refuse to Handle Hemp and Tobacco Crops in Central Kentucky.

LEXINGTON, Ky., September 10.—The most serious problem that has confronted Central Kentucky farmers since the Civil war is on, in consequence of the refusal of negro laborers to handle the hemp and tobacco crops.

Indications are that there will be a falling off of 25 per cent. of the crop output. Much tobacco is overcuring in the fields.

The negro laborers are well organized and refuse to work for the usual wages, demanding 80 per cent. increase for their work. They have been quietly organizing for about six months. It is almost impossible to get negro labor, and white labor is scarce.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. Howard and was graduated from the Midway school. Mr. Wilson is the youngest son of Mr. and Mrs. John S. Wilson and is a prosperous and industrious young farmer.

M. M. Theise's "Wine, Woman and Song," rendered at the opera last night, was undoubtedly the best vanderbilt entertainment ever seen in the house. Not a dull feature in the show. All played their part well and stale jokes were conspicuous by their absence. The music was good, the scenic effects were good, the whole show was good. The company deserved a full house.

A debt of \$1,300 on the new M. E. Church, South, at Dover, has recently been paid. Mrs. Mary S. Stairs gave \$500 of the money. The News says: "This frees the church of indebtedness, and Bro. Rapp can go to conference with the record of his salary paid in full and a new and elegant church edifice costing nearly \$5,000 erected and paid in about two years. This speaks well for the energy of the membership of the church, who, for the most part, are poor, and they feel doubly indebted to Mrs. Stairs for her liberal contributions of over \$2,500 cash."

Not Apathy, But Disgust.

[Philadelphia Record.]

A much more rational explanation of the condition which disturbs the minds of Chairman Hanna and of his committee associates is the deep discontent of large masses of Republicans with the recent tendencies of party leadership; with the extortions of trust monopoly behind the tariff; with the enormous spoliation involved in the steamship subsidy scheme; with the insolence of boss rule; with the encroachments of executive power; with continued burdens of needless taxation and accumulation of a vast surplus in the Treasury and in the banks for extravagant expenditure, and, finally, with the growing spirit of imperialism and militarism which has taken possession of the whole administration of McKinley. The feeling aroused in the public breast by conditions never before witnessed in this country are very different from the "apathy" of overconfidence regarding which Chairman Hanna is deluding himself.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Thedford's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.
